

## INTO THE COURTS

Taylor Takes His Case Into the Circuit Court by Asking For An Injunction.

SERVED ON BECKHAM AND CASTLEMAN

Judge Taft Claims That His Court Has No Jurisdiction Over the Contests of the Minor Offices.

Frankfort, Ky., Feb. 15.—Suits were filed in the circuit court by counsel for Taylor, seeking to restrain J. C. W. Beckham from acting as governor and Gen. John H. Campbell from attempting to discharge the duties of adjutant general. Summonses were served on the defendants at once. The suit will be allotted to one of the circuit judges by the clerk of the court. When it is held an application for a restraining order will be made.

The suit is brought by Taylor for himself individually and as governor of Kentucky. The petition asserts that Gov. Taylor was elected to that office Nov. 7, 1899, and afterwards received from the state board of election commissioners a certificate of his election, and qualified as governor. The petition continues:

"Since the time of his said qualification to the present time and is now performing the functions of the office and is recognized as governor by the other state officers of Kentucky."

"But plaintiff says that the defendant, J. C. W. Beckham, is now and for some time has been claiming and pretending to be the governor of Kentucky, and to have the right to perform the functions of said office."

"On the 15th day of January, 1900, plaintiff was notified by the defendant, J. C. W. Beckham, that he, the said Beckham, was then elected lieutenant governor, and that by reason of the subsequent death of said Beckham, he, the said Beckham, had become invested with the powers of governor of said state. And he is now and for some time has been pretending to exercise the powers and perform the functions of said office in error, aforesaid. He has been pretending to send messages as such governor to the general assembly of Kentucky, and has pretended to appoint the defendant, John H. Castleman, as adjutant general of Kentucky and to treat him with power and control over the military of said state, and the said defendant Castleman is now claiming and pretending to be such adjutant general of the state."

"Plaintiff says that by reason of the aforesaid acts of defendants herein great confusion has been produced and is now existing in the state of Kentucky and plaintiff is being greatly hampered and injured in the performance of his duties as governor of the said state."

"Wherefore plaintiff prays for an injunction against the defendant, J. C. W. Beckham, enjoining and restraining him from performing or attempting to perform or attempting to perform any of the functions of the office of governor of Kentucky and against the said John H. Castleman from performing or attempting to perform, or claim the right to perform, any of the functions of the office of adjutant general of Kentucky. And so injunction against each of the defendants from interfering in any way with the performance of plaintiff of the duties of functions of the office of governor aforesaid. His further prays for his costs money, expended, and for the costs of said suit which he may appear to be entitled to."

CONFERENCE AT FRANKFORT.

Democratic Members of the Legislature Underestimated Whether to Return to Frankfort or Not.

Frankfort, Ky., Feb. 15.—The committee of democratic members of the legislature which came from Louisville for the purpose of investigating conditions here, and determining whether or not it is safe for the democrats to venture within the precincts of Frankfort, returned to Louisville. The chances are that the democrats will remain in Louisville for some time to come.

The members of the committee declined to hold any conference with Adj. Gen. Collier or Taylor, and made Custodian Thompson, of the executive building, the go-between. They first sent word to Taylor that before the democrats could think of returning to Frankfort the soldiers must be sent away. No objection, they said, would be raised to a small number for a body guard for Taylor personally. As for the legislature, it needed no protection.

Taylor replied through the medium of Custodian Thompson that the request of the committee could not be complied with, but promised that the legislature should not be molested in any way. For the committee Custodian Thompson then asked what conditions would exist around the state house as expressed by Mr. Thompson.

In reply that no assurance could be given, but that there would be no outward show of force, and that the soldiers would be withdrawn from the gates and would be kept in the background as much as possible. This ended the conference.

The members of the committee said that in their opinion the meetings would continue to be held for the present at least. Several of them expressed a personal willingness to return to Frankfort.

AN INJUNCTION DENIED.

Judge Taft, of the Circuit Court, Claims to Have No Jurisdiction Over Kentucky Contest Cases.

Cincinnati, Feb. 15.—The circuit court of the United States Judge W. H. Taft denied the motion for a preliminary injunction in both of the cases from Kentucky. In the case of the Taylor suit, the court was unable to hold all other warrants admission. Judge Taft occupied less than an hour in delivering his opinion of about 4,000 words. While the court held that no injunction would issue under the bill, yet it also held that after the cases had been heard in the state court they could get in error for review in the United States supreme court.

After the decision was announced former Gov. Bradley and his associate counsel announced that they were unable to state what would be the next step of the republican state officers of Kentucky. Counsel for the plaintiffs held a long consultation in the law library after the announcement of the decision. Gov. Bradley and his associate counsel, after their consultation, said they had no doubt of the ultimate possibility of a hearing of these cases in the United States court as indicated by Judge Taft, but at present counsel could not say what would be the next procedure.

## Stirring Resolutions By Montgomery's Democracy.

At a meeting of the Democracy of Montgomery county held at the Court House on Saturday, February 17, 1900, for the purpose of taking action on the assassination of Governor William Goebel, Judge John E. Cooper in a few brief remarks stated the object of the meeting, and on motion he was elected permanent Chairman, W. B. O'Connell, Secretary, and B. W. Trimble, of the Advocate, Assistant Secretary.

On motion the Chair appointed the following gentlemen a Committee on Resolutions: H. M. Cassidy, H. B. Marshall, J. B. Tauline, Newton H. Wright, H. R. Prewitt, W. T. Tibbs, which committee reported the following resolutions, which were unanimously adopted:

### Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, dis-  
courages and lessens ambition; vigor  
and cheerfulness soon  
disappear when the kid-  
neys are out of order.

Kidney trouble has  
become so prevalent  
that it is not uncommon  
for a child to be born  
afflicted with weak kid-  
neys. If the child urines  
too often, if the  
urine scalds the flesh or if  
the child reaches an age when it should be able to  
control the passage, it is yet afflicted with  
bed-wetting, depend upon it, the cause of  
the difficulty is kidney trouble, and the first  
step should be towards the treatment of  
these important organs. This unpleasant  
trouble is due to a diseased condition of the  
kidneys and bladder and not to a habit as  
most people suppose.

Women as well as men are made mis-  
erable with kidney and bladder trouble,  
and both need the same great remedy.  
The mild and the immediate effect of  
Swamp-Root is soon realized. It is sold  
in capsules, in fifty-cent and one dollar  
bottles. You may have a

### Federal Courts Closed, State Courts Petitioned.

The Federal Courts were closed to the  
Republicans by the decision  
of Judge Taft at Cincinnati.

The contest over the office of  
Governor has been carried into the  
state courts by two injunctions—  
one against Gov. Beckham, filed at  
Louisville, and one against Taylor  
and Marshall, filed at Frankfort.

The petition of the Republican  
minor officials for a Federal Court  
injunction to restrain the State  
Court Board from deciding the  
contests for the minor offices, was  
thrown out of court by Judge Taft.  
He held that there was no ground  
for interference by the Federal  
Courts; that it was purely a matter  
for the State courts. Judge  
Taft stated that he could have  
rendered his opinion when the argu-  
ments were concluded, but that he  
had taken time to carefully consid-  
er all the authorities cited.

most economical way to settle up the  
firm's business. The estate consists  
of 300 acres of Bourbon land and a  
lot of personal property.

### NEW TREATY PERTAINING To the Construction of the Ni- carna Canal.

The text of the new treaty negoti-  
ated in relation to the construction of  
the Nicaragua Canal shows that the  
purpose of both governments is to not  
much the general principle of non-  
interference established in Article 8 of  
the Clayton-Bulwer treaty. It is  
agreed that the canal may be con-  
structed under the auspices of the  
Government of the United States,  
which Government shall have and en-  
joy all the rights incident to such  
construction as well as the exclusive  
right of providing for the regulation  
of the movement of the canal.

To further preserve and maintain  
the general principle of non-interfer-  
ence established in article 8 of the  
Clayton-Bulwer convention, the fol-  
lowing rules are embodied in the  
treaty. They provide among other  
things that the canal shall be free and  
open in time of war as time of peace,  
to vessels of commerce and of war,  
on all nations on terms of equality;  
but there shall be no discrimination  
against any nation or its citizens or  
subjects in respect of the conditions,  
charges, traffic or otherwise; the can-  
al shall never be blockaded, nor  
shall any right of war be exercised  
upon any act of hostility be committed  
within it; no belligerent shall em-  
bar or disembark troops, munitions of  
war or warlike materials in the canal  
except in case of accidental hindrance  
or transit shall be resumed with all  
possible dispatch.

The provisions shall apply to three  
marine miles of either end. No fort-  
ifications shall be erected commanding  
the canal or waters adjacent. The  
United States, however, shall be at  
liberty to maintain such military  
police along the canal as may be nec-  
essary to protect it against lawless  
acts and disorder.

Instead of the treaty being ratified  
promptly by the opposition, it is ac-  
cepted in the present form by the  
opposition and is referred to the Com-  
mittee on Foreign Relations for Re-  
vision and with the instruction to in-  
sert the following:

The contracting parties further en-  
gage that when the canal shall have  
been completed, the Government of  
the United States shall have the right  
in case the United States is at war  
with any nation, to take temporary  
possession of the canal and fortify the  
canal and its approaches without pre-  
judice to the commercial rights of any  
other nation guaranteed by the neu-  
trality of the canal.

There seems to be no doubt that the  
treaty in its present shape cannot get  
through the Senate.

### Hon. William Goebel.

"Tell my friends to be brave and  
fearless and loyal to the great com-  
mon people," were the words of  
our gallant leader, when the demon-  
iacal of the assassin's bullet  
brought him down and death ended  
his earthly sufferings.

All real, yet the events at Frank-  
fort on the morning of Jan. 30,  
1900, seems too treacherous and  
cowardly to contemplate. Were I  
gifted with the oracles of the Most  
High, I might then have a fitting  
tribute to the brilliant career of  
Kentucky loved and honored.

William Goebel! Let us pause  
for a brief moment and notice the  
personality of this great "Demo-  
cratic leader and hero of the com-  
mon people, the poor struggling  
youth, revolving in his fertile  
brain, plans for the unknown fu-  
ture, when with a master intellect  
and honesty of purpose, he was to  
draw around the admiration and  
esteem of a loyal people, who con-  
ceded for right, in the proud old  
State of Kentucky.

All through his brilliant life,  
even when partisan spirit and sel-  
fish greed had excited the fierce  
passions and ingratitude of men,  
when he was subject to the bitter  
denunciations of an unscrupulous  
press, he was never known to de-  
part from those principles that laid  
the foundation of his great life,  
viz: virtue, truth and courtesy.

History discloses the fact that all  
generations, all nations and states  
have had their idol in the charac-  
ter of a great statesman and lead-  
er, but when we study the charac-  
ter of William Goebel from the  
cradle to the grave, when we con-  
sider the dauntless courage and  
cool determination with which he  
overcame every obstacle and met  
the incriminating attacks of false  
leaders, we can compare him to  
none other than Napoleon, of  
France. The leader mislike, that  
sped on its fatal errand, ended the  
career of a truly great man. He is  
gone. We can not replace him.

All that was ideal and typical of  
American civilization, is now a  
dreadful lack, resting beneath a  
wreath of roses. The usurper and  
his treacherous followers have  
thwarted time, in testing the depths  
of the capacity of William Goebel.  
A state mourns the loss of her  
chief, and the clash of bayonets  
and the tramp, tramp, of Tay-  
lor's army, contrast strangely, with  
the muffled roll of the rolling riv-  
er, that chants the requiem of a  
fallen hero. Memory shall ever  
cluster around the green hills of  
Frankfort, where sleep the ashes of  
Kentucky's great one who gave  
his life in the cause of liberty and  
in whose blood Democracy  
will be redeemed.

# RAW BEEF FROM ECZEMA!

## No Torture Equal to the Itching and Burning of This Fearful Disease.

ECZEMA—which is more than skin-deep, and can not be reached by local applica-  
tions of ointments, salves, etc., applied to the surface. The disease itself,  
the real cause of the trouble, is in the blood, although all suffering is produced  
through the skin; the only way to reach the disease, therefore, is through  
the blood.

Mr. Phil T. Jones, of Miraville, Ind., writes:  
"I had Eczema thirty years, and after a great deal  
of treatment my leg was so raw and sore that it gave me  
constant pain. It finally broke into a running sore, and  
began to spread and grow worse. For the past five or  
six years I have suffered untold agony and had given up  
all hope of ever being free from the disease, as I have  
been treated by some of the best physicians and have  
taken many blood medicines, all in vain. With little  
faith I began to take S. S. S., and it apparently  
made the Eczema worse, but I knew that this was the  
way the remedy got rid of the poison. Continuing  
S. S. S., the sore healed up entirely, the skin became  
clear and smooth, and I was cured perfectly."  
Eczema is an obnoxious disease and can not be cured by a remedy which is  
only a tonic. Swift's Specific—

## S. S. S. FOR THE BLOOD

—is superior to other blood remedies because it cures diseases which they can  
not reach. It goes to the bottom—to the cause of the disease—and will cure  
the worst case of Eczema, no matter what other treatment has failed. It is  
the only blood remedy guaranteed to be free from poison, mercury or any  
other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood  
Poison, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Treat  
upon S. S. S.; nothing can take its place.

The Cincinnati Enquirer has frequently called attention to each and every step of the campaign, and during the campaign of 1900 will present its readers with a truthful array of facts that will be extremely interesting and profitable.

No fair-minded American, be he Republican, Democrat or of other political persuasion, can afford at this critical juncture to ignore the facts of the case, and the Enquirer, in its judgment, with the Trusts as dictators, is far more degrading slavery than the Enquirer has previously to the Civil War of '61-'64.

Trusts in the United States have now a representative capital greater than all the gold and silver in the world, and will spend many millions of dollars to suppress truth and mislead all who fail to take the Enquirer's plausible bait.

Read the Enquirer and you are enabled to discern the truth and not falsehood. A victory for the Enquirer and the McKinley campaign in 1900 will end the era of the worst good to the greatest number.

Watch carefully the Cincinnati Enquirer.

#### TRAIN WOULDN'T STOP.

A Young Lady of Kentucky Recovered \$1000 Damages From the Cincinnati Southern Railway Co.

Williamstown, Ky., Feb. 19.—Miss Minnie Cram, daughter of Judge Cram, has just been given \$1000 damages against the Cincinnati Southern railway for its failure to carry her to this place on one of its fast flyers several weeks ago. Miss Cram had been on her way to New Orleans, and was returning over the Havana limited. When at Georgetown the conductor told her he would not stop the train at this place, and that if she went over the road farther she would be compelled to pay far the extra distance also.

She was left at Georgetown without a cent of money, where she had to remain overnight, borrowing money from strangers to pay her hotel bill. She then returned to her home, but her attorneys got the amount changed to \$1000, so that the railroad company could not take it to the court of appeals.

#### Fire.

Fire alarm was turned in at 8 o'clock Sunday morning, notifying the Fire Department that Col. A. W. Wood's residence property on Winn street, occupied by R. J. Hunt, was on fire. There was almost a total loss. Insured in Hoffman's agency for \$1000. Col. Wood will rebuild at once. Mr. Hunt's loss of household effects was heavy by damage, notwithstanding most of it was saved from burning. Insurance \$500 to Bright & Cockrell's agency.

Fire Department answered promptly and did effective work, but the building being frame and subject to quick destruction, and the fire being slick, the fire was under headway long before the Department could get in effective work. The citizens of Winn street were pleased with the results of the Department.

#### Our Thanks.

Please allow me as a member of the fire department, to express our most sincere thanks to Mr. J. W. A. for the hot coffee and other kindnesses shown us on the morning of Feb. 18, at the fire at Mr. Hunt on Winn St. We shall ever have a kind remembrance of you, and count him as one of the friends of the Fire Department. A member of Mt. Sterling Fire Department.

F. P. Lynam, of Grassy, has rented the Mrs. Evans property and takes possession this week. C. W. Bush will occupy the property vacated by Mr. Lynam.

The long-talked-of combination of steel sheet mills was formed at Pittsburgh on last Thursday, with a capitalization of \$52,000,000.

W. W. Penix, of McClellan, has gone to Newport News, Virginia where he has shipped 40 car loads of ties and rough lumber.

#### NO DENIAL FROM MACRUM.

He is Going to Washington to Testify to His Statement Should He Be Called Upon to Do So.

Pittsburgh, Pa., Feb. 19.—Charles E. Macrum, former United States consul at Pretoria, South Africa, left here for Washington on the Baltimore & Ohio road. Before leaving he said: "Do not withdraw a word of my charges against the British official in South Africa. If I am called upon, I am prepared at any time to testify to them and furnish evidence of their truthfulness."

Mr. Macrum is evidently delighted over the effect of his statement, made public last week, and says that, although he is not acquainted with Congressman Wheeler, of Kentucky, who introduced a resolution in the house asking for an investigation of his case, he will call upon him while in Washington. The resolution says he is not going to Washington on any special mission, but wants to be on the ground to give his testimony should it be needed.

#### At Home From the Philippines.

Stanley Anderson has returned to his home in this county after an absence of more than a year. He enlisted in the 3rd U. S. Infantry and went in the Philippines, where in May of last year he was wounded—his left leg broken and his right arm disabled. He was in the hospital for several months. Mr. Anderson sailed from Manila on January 13 and reached San Francisco on February 7.

Mr. L. W. Evans, of Bethel, returned a few weeks ago from the Philippine Islands, where he had been doing military duty in the United States army. He received an honorable discharge from his Captain and immediately enlisted for his old Kentucky home, before about thirty-six days enroute on steamer, during which time he experienced a most severe six days' storm on the ocean, and congratulated himself upon arriving alive. We learn he brought with him many souvenirs and relics of battles in which he participated, among the most interesting of which is a Spanish cannon which he succeeded in capturing from a Spaniard. He tells many thrilling experiences of army life among the natives.

#### Another Claimant.

Jos. Mitchell, a negro, appeared before County Judge Phillips at Nicholasville Thursday, and declared himself to be the legally elected Governor of Kentucky. He said he needed no bodyguard, but only asked that he be given his rights. He was adjudged insane and will be sent to the asylum. [What about Taylor?]

#### Found Dead.

On Tuesday last, near Jackson, the dead bodies of Ned Cassady and wife, were found on a shanty boat. The supposition is they were killed.

#### LAND, STOCK AND CROP.

J. K. Rye sold and delivered his crop of tobacco to Scott & Co. at 9c.

Howard Anderson sold, at Stanton, a store to J. H. Hardwick. The price is said to be \$500.

The sale of farming implements, stock etc., by Benj. Bramblett, near Wade's Mill on Thursday, was largely attended, and fine prices were received. Mr. Bramblett will locate in Winchester. Trimble's sale is pending in the interest of the Mr. Sterling Advocate.

Mr. D. A. Huddleson has bought the Baumtown Orange farm, one and a half miles south of Carlisle on Jackson Pike, 190 acres, for \$2500. Mr. Huddleson will take possession March 1. By this change Plum loses a valuable citizen and Carlisle gains one. We commend him to the good people of Nicholas county.

**STARVED**

Slow growth of hair comes from lack of hair food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness. The only good hair food you can buy is—

**AYER'S Hair Vigor**

It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say "always."

50¢ a bottle. All druggists.

"I have found your Hair Vigor to be the best remedy. I have been using it for some time, and I have seen my hair grow thick and long. It cures dandruff also. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say 'always.'"

Dr. J. C. Ayer, Lowell, Mass.

**BRIEF AND BREEZY.**

"Lord save us!" exclaimed the old woman, "John not only wrote home that he's 'laid down his arms,' but they've shot off his legs!"

A colored preacher said last Sunday: "The soul of man is as hard as a hick'ry nut. You got ter hit it wid a sledge hammer ter get the white meat."

A man committed suicide recently by drinking a quart of kerosene and swallowing a match. This was the most economic taking-off that we have heard of.

We hear of one [Georgia] editor who runs a "cold mine" connection with his newspaper. This is as it should be. When a subscriber fails to "come up," he can shovel his shovel, dig up a doll.

"I want you," said the old farmer, "to give Bill about six dollars worth of 'ehoolin'—pervar'—you'll take it out in trade. For instance I'll start him on three wheels of corn; then when that's out, I'll keep a movin' on a couple of smoke-house hams; I'll give you a young heifer ter larn him writin' an' a home-raised cow to beat figures in his head."

"Do you want him to learn any of the higher branches?"

"Well, after he climbs a little you might throw in 'bout a bushel or two of 'em, if you think fit—or say, 'bout a quarter of a beef's worth!"

**The Farmer.**

Every business of importance, except the farming business, is being organized into combinations and trusts, while the farmer goes it alone. But there is becoming apparent a strong feeling of dissatisfaction among farmers against these combinations formed against them. When the farmers do arise in their might and use that most formidable weapon which they possess, the ballot, many of these monopolistic, greedy corporations will regret that they did not have more consideration for the farmers' interest and welfare.

**\$100 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one cure for disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**Tapping Maple Trees.**

We see no occasion for changing the present and almost universal method of tapping the trees. The size most used is a half inch bit with a short screw, and if the hole is not bored too deep the wood will dry out and not decay, as is sometimes the case when the hole is bored deeper than two inches in, or the bit is smaller than half-inch. The usual depth is three-fourth to one and one-half inches. No spout should be used that will split or start the bark from the wood of the tree—American Agriculturist.

**Death Rate in South Africa.**

A dispatch on the 13th, from the South African basic ground says: "Kimberley, twenty miles away from the Modder River position, is in a sore straits. Details of the December death rate show that in a population of 14,000 whites and 19,000 black the mortality was 80 whites and 138 blacks per thousand. The infantile death rate was 171 per thousand among the whites and 212 per thousand among the blacks. Enteric fever was prevalent. This frightful death rate in December cannot have improved much at all since, and the fighting power of the garrison must have been greatly diminished. Meanwhile the bombardment by the Boers has increased.

John D. Dirr, Knoxville, Ind., says, "I never need anything as good as One Minute Cough Cure. We are never without it. Quickly breaks up coughs and colds. Cures all throat and lung troubles. Its use will prevent consumption. Pleasant to take. For sale by F. C. Deerson, Druggist."

The National American Woman's Suffrage Association at Washington elected Mrs. Carrie Chapman Catt, of New York, president of the association to succeed Susan B. Anthony, who declined re-election.

"I have always used Foley's Honey and Tar cough medicine, and I think it to be the best in the world," says Chas. Bender, a newsdealer of Erie, Penn. Sold by F. C. Deerson, druggist.

At Louisville, Judge Field ordered John H. Whalen \$4,500 to be turned over to Sherrill Bell, who will keep it forty-eight hours, when it will be given to Whalen.
